Please join us.
All are welcome!

Join us in our journey as we commune with God, support one another and live in community.

To be compassionate is to be in communion with God and with one another.

Connect and Share
with God
with each other
with the needs of the world.

Get involved with your community.
Take time to share yourself with us and God.

We come together as half a person and find our other half within this church that cares and builds community.
We enter this church at different stages of our faith journey.
