

Worship is our central act as a community of faith, and inspires us to bring our whole selves in service to God. We enjoy a combination of both challenging and 'down home' services that relate to life now and make us think

Come as you wish – from 'Sunday best' to casual.

SUNDAY WORSHIP: Services begin at 10:30 a.m. and generally last one hour.

MUSIC: We seek a balance in our music styles from traditional organ-and-choir music to more 'up tempo' pieces with piano and other instruments. We encourage and enjoy a broad variety of hymns and songs.

THE SERVICE: Typically we have a sermon from our minister or an address from a guest speaker, hymns and prayers. For the very young there is a weekly 'Conversation (story) with the Children.' followed by a special children's program downstairs.

COMMUNION: We welcome all. You do not have to be a member of Pickering Village United Church (PVUC) or The United Church of Canada to participate..

COFFEE TIME: Almost every Sunday we have a time after the service for refreshments and fellowship with coffee, tea, juice, lemonade in the summer and sometimes cake!

The act of worship should move us, teach us, make us think, expand our horizons, bring us joy, open our hearts, help us accept God's grace and remind us to pass it on to others.
